

YOUR LECTURER:

Clive Lindley-Jones B.Ed (Hons) D.O. D.I.B.A.K. is a registered osteopath, a qualified teacher and as well

as being a long standing teaching Dipomate of the International Board of Applied Kinesiology, holds diplomas in Psychotherapy, Coaching and Neuro Linguistic Programming. He has been teaching for over 30 years in both Europe and

Japan. For over 10 years he was on the faculty of the European School of Osteopathy where, amongst other things, he taught Functional Anatomy and Palpation into which he was instrumental in introducing advanced muscle testing. He has taught both the basic I.C.A.K. course as well as advanced courses in the U.K., Belgium, Holland and Germany. He is the author of a number of papers on AK and orthopaedic problems published in the AK literature as well as being co-trainer of the Sunflower method for helping children with learning difficulties.

THE COURSE:

This *practical* three-day AK seminar which has recently been fully revisited reformatted and updated is a must for any practitioner wishing to go deeper in their ability to find and treat common nerve entrapment problems in the upper and lower extremity. As George Goodheart said, "You can't recognize what you do not know" and "You don't know what you don't know until you know what you didn't know."

What others have said about this course:

"A lot of positive stimulation - easily translatable to my practice" *Dr Schuleri G.P.*

"Good opportunity to revise and rekindle knowledge by experiencing a different approach to common problems. Good value for people wanting to utilize AK more fully." *John Stevens, DO*

"The most student friendly course I have attended" *Patricia Waite D.C. M.C.S.P.*

"Motivational and well-structured course, mixing humour with professionalism. Fantastic revision, good theory, highly practical and able to be implemented immediately. Good humour, fantastic knowledge based." *Tim Chapman, BSc. Ost.*

"Outstanding presentation of anatomy and neurology" *Dr. Leon - Gynaecologist*

"A very popular AK course - a clear and extremely comprehensive set of notes together with plenty of time for practical application... a highly recommended three day course." *David H Gutteridge D.O.*

"Specialist courses such as this one help bring all the wealth of information & materials in AK together...Clive puts the material together & teaches it in an easy to understand way so that it can be used back in the consulting room on Monday morning." *R Michael Basset D.C.*

"It helped me make sense of the vast info I received from the 100 hour course! *Niklas Fougner, DC*

"Horizon expanding: a very refreshing course for the practice" *Dr Goldman G.P.*

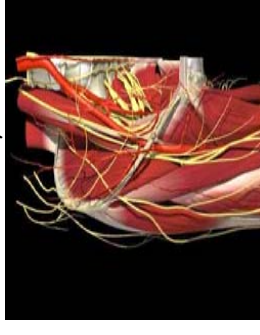

"Very relevant on a practical level - glad that I did it!" *Dr. Lieble. Pain specialist*

C. L-J Seminars

Applied Kinesiology & Nerve Entrapment

An ICAK accredited, advanced course

"Excellent-outstanding summary." *Dr. Fault-Vergde G.P.*

With **Clive Lindley-Jones**
B.Ed. (Hons), D.O., D.I.B.A.K.
Oxford, England.

Friday 26th - Sunday 28 September 2008

If you want to master some of the best A.K. approaches to diagnose and treat difficult, but common, nerve entrapment problems, *this is the seminar for you.*

This course will help you uncover hidden problems that are only revealed through dynamic examination. We will explore in detail the cascade of muscle weakness from hidden causes such as reactive muscles, through strain counter strain to fascial and gait problems.

Various nerve entrapment syndromes will be explored in detail, enabling you to more easily uncover numerous hidden problems with confidence. You will learn to put any patient through a detailed screen to find what is, initially, hidden from view. Just *some* of the things you will learn to diagnose and treat are:

- | | |
|---|---|
| *AK tools in Evaluating Peripheral Nerve Entrapment | *Carpal Tunnel Syndrome |
| *Anterior Tarsal Tunnel Syndrome | *Iliofemoral Ligament Technique |
| *Foot Pronation & evaluation for Orthotics | *Lumbosacral - Iliolumbar Ligament Syndrome |
| *The Costoclavicular Syndrome | *Iliopsoas - Inguinal Syndrome |
| *Suprascapular Nerve Syndrome | *Sternoclavicular Fixations |
| *The Slipped Bicipital Tendon | *Metatarsalgia |
| *Popliteal Syndrome | *Piriformis Syndrome |
| | *Obturator Syndrome |
| | *Perineal Tunnel Syndrome |
| | *Pronator Teres Syndrome |
| | *Pectoralis Minor Syndrome |

College of Chiropractors: This seminar is approved for 20 credits (course ref: 0085) 20 hours of CPD!

THE VENUE: The course will be held at Oxford University, in the very centre of the beautiful historic city of Oxford, within easy reach of the railway and bus stations as well as all the attractions of the city. Your investment in this course also includes a 200 page unique reference book of functionally specific notes and flow diagrams that you will take with you and have as an invaluable resource for your work in the future. Tea and coffee are provided at each break.

DATE: 26th - 28th September 2008

TIMES: Friday: 10am - 6.00pm:

Saturday 9am - 6.00pm:

Sunday 9am - 4pm

Money Back guarantee: If after the first morning of this course you are not completely satisfied that you are going to learn an immense amount of, practical, high quality, usable, AK to help you, help your patients on Monday morning, simply hand in your 200 pages of notes and flow-diagrams and your money will be repaid in full.

N.B. This is an advanced course, a facility in basic AK will be assumed.
